

DAILY BUFFET LUNCH CATERING MENU

\$17 per person (Minimum 20 people – Maximum 300+)

Our buffet-style meals are delivered hot, fresh, and ready to serve in convenient disposable foil and cardboard trays. We offer a variety of hot and cold lunch options daily—without fixed menu days. Instead, our rotating selection is guided by seasonal ingredients and past favourites, keeping each day fresh, balanced, and exciting.

In addition to our rotating hot meals, we also offer gourmet sandwiches and wraps paired with fresh salads on selected days.

With extensive experience catering to the fast-paced film and television industry, we understand the importance of flexibility. While we ideally request estimated numbers for the week ahead by Friday, we're often able to accommodate adjustments as needed throughout the week.
